Persona - 3: The Product Manager

TECHNICAL PRODUCT MANAGER

Aisha, 31

Owns the outcomes of AI-powered workflows. Aisha uses the platform for transparency into which AI capability ran, why it was chosen, and what it cost, for every workflow.

KEY GOALS

- See which capability ran, and why
- Cost visibility per workflow
- Audit latency, decision quality

PAIN POINTS

- Black-box chatbot answers
- No cost audit trail
- Latency and quality unclear
